Bob,
Yes, we would have to look at the ROD requirements, etc. before requesting to discontinue OB and the other sites (SEADs 25 (for BTEX, TCE only) and SEAD 16/17).

My primary office phone number is now: 347-213-1565

Randy,

EPA has reviewed the OB Grounds 2017 LTM Report. We have no concerns with the Report's recommendation to discontinue all LTM at the site.

As we discussed on March 20, 2019, however, its my understanding that the Army will continue LTM until such time as an appropriate decision document addressing the ROD requirements is prepared by the Army for EPA and NYSDEC review and approval.

Please let me know if you have any questions. Thank you.

Bob
